RAPID TRANSIT DECIDES TO CONSTRUCT NEW LINE.

Delay in Shipment of Rails Kept Back the New Work—May Go Over the Viaduct.

Although it was announced some time ago that the Ogden Rapid Transit company would not build its line on Twenty-fourth street this fall, it was given out by reliable authority this morning that the line would be built this season and that work on it will be commenced at once. The delay in the shipment of rails was given as the cause for the tracks not being laid this year.

It is understood that sufficient rails can be secured now, and this will mean that the line will be rushed to completion and may be extended over the viaduct.

SUSIE JONES IS FINED
\$30 IN POLICE COURT

Susie Jones, a negro, who occupies a "cozy corner" in the police station about as often as anyone, sat with the prisoners in police court this morning. When her name was called she grinned, and said, "I'm guilty," with as much composure as a young society dame ordering a chocolate nut sundae. She was up on a charge of vagrancy, and was given a fine of \$30 or thirty days.

M. C. Cullen was fined \$5 for disturbing the peace.

Fred Bell and Frank Evert had both been "stewed." They looked for all the world like the kids who built the pyramids, but the court fined them the usual "five" just the same.

Earl Stone pleaded not guilty to having killed a sage hen without a license. His case was continued until Thursday morning.

Lawrence and Cyril Call entered pleas of not guilty to having maintained a nuisance. Their case was also continued. They are the owners of the dead horse, the odors from the carcass of which have disturbed the residents in the vicinity of Thirty-first street and Taylor avenue.

HIGH SCHOOL WILL BE
READY ON SEPTEMBER 13

The contractors of the new high school building have announced that the "temple of knowledge" will be ready for occupancy on Monday, September 13. The work on the new building has progressed smoothly and rapidly, there being practically no delay in the construction of the large and handsome structure.

The public schools will open on Tuesday, September 7, and a larger attendance than ever is looked for. A great competition for graduates in the graded schools is anticipated the coming year. Last year eighty per cent of the eighth grade students entered the high school, it is said, and a larger percentage of the grade pupils is expected to finish their work in preparation for the high school courses at the close of the approaching school year.
